

## AMLINK RISING STAR WINNER

Amlink Technologies has established a scholarship for students throughout Australia, from universities and colleges, who study the event management software, eventsPro. The scholarship is valued at \$3,000.00.

Sarah Stefano, a student at Central TAFE, won the scholarship for Western Australia. She is a full time student studying a Diploma in Event Management, an 18 month course.

To win this Scholarship, the applicants have to achieve a high result in the use of the software, pass a theory test and submit a 1000 words on why they want to participate in the event industry. Sarah wrote about her passion for the industry.

While completing her studies, Sarah has undertaken industry placement working on events. She has also gained employment with an event company, largely based on her knowledge of eventsPro.

Sarah has used her scholarship money to put towards a car, which will enable her transportation to work.
